

Open Action Items

Policy SIG

Wednesday 3 March 2010

Open Action Items

- **pol-28-01:** Pending approval at each remaining stage of the policy proposal process, APNIC Secretariat to implement proposal prop-050, "IPv4 address transfers".
 - **Update:** Policy implemented 10 February 2010.

Open Action Items

- **pol-28-02:** prop-077, "Proposal to supplement transfer policy of historical IPv4 addresses" returned to authors for further consideration, pending the implementation of proposal prop-050, "IPv4 address transfers".
 - **Update:** Authors are deferring proposal until experience is gained with the newly implemented prop-050.

Open Action Items

- **pol-28-03:** Pending approval at each remaining stage of the policy proposal process, APNIC Secretariat to implement proposal prop-073, "Simplifying allocation/assignment of IPv6 to APNIC members with existing IPv4 addresses".
 - **Update:** Policy implemented 10 February 2010.

Open Action Items

- **pol-28-04:** prop-078, "Reserving /10 IPv4 address space to facilitate IPv6 deployment" returned to authors and the mailing list for further development.
 - **Update:** Version 2 of the proposal to be presented at APNIC 29 Policy SIG.

Open Action Items

- **pol-28-05:** prop-076, "Requiring aggregation for IPv6 subsequent allocations", returned to the mailing list for further discussion about the plan for aggregation component of the IPv6 allocation criteria.
 - **Update:** Withdrawn by author.

Open Action Items

- **pol-28-06:** Pending approval at each remaining stage of the APNIC policy development process and the global policy development process, IANA to implement proposal prop-074, "Internet Assigned Numbers Authority (IANA) Policy for Allocation of ASN Blocks (ASNs) to Regional Internet Registries".
 - **Update:** Endorsed by APNIC EC. Pending remaining steps of the global policy process.

Open Action Items

- **pol-28-07:** Pending approval at each remaining stage of the policy proposal process, APNIC Secretariat to implement proposal prop-075, "Ensuring efficient use of historical AS numbers".
 - **Update:** Policy implemented 10 February 2010.
