# Meeting Schedule

- The EC has been conducting its business using regularly scheduled monthly teleconference calls.
- At its December retreat the EC has decided to alter this schedule and use regularly scheduled quarterly face-to-face meetings
- We believe that this will allow the EC to consider matters in more depth and provide considered and thoughtful leadership to the APNIC community

# Coordination Activities

- APNIC has entered in a Cooperation MoU with the RIPE NCC with coordination activities underway in training material preparation, RPKI tools, business management, and Whois evolution
- We have held a joint Board meeting with the LACNIC Board in October 2012

# Corporate Documents

- A revised APNIC and NIR Member Relationship Agreement has been adopted by the EC
  - Follows extensive member consultation and review process over the past year

# Membership Fees

- One of the responsibilities of the EC is to set the fees for APNIC Membership and APNIC Services
- The EC has decided to reduce the IP Resource Application fee by 50%, effective as of today
- There are no other fee changes for 2013

# Financial Objectives

- We have been considering what is a prudent financial policy for APNIC to ensure the stability of APNIC's functions.
- We have set an immediate objective of maintaining at a minimum a cash reserve position equivalent to 12 months of operating expenses, and building this reserve to an 18 month position by 2017
- We aim to achieve this objective primarily through expenditure constraint rather than increasing membership fees

# ASO AC Appointment

- The EC has reappointed Andy Linton to the Address Council for 2013
- The EC wishes to Thank Andy for his continuing willingness to support APNIC in this manner

# Member Engagement

- The EC welcomes comments, suggestions and questions from members, stakeholders and all others with an interest in APNIC's functions and operations
- We strive to improve the ways in which we:
  - Understand and respond to the needs of our members
  - Work efficiently and effectively in our core functions of responsible address administration and accurate registry management
  - Engage with the broader Internet Governance forums to ensure that Asia Pacific voices are an integral part of the process
  - Deliver value to our members and clients

# Thank You
